

The Bird Anatomy Song¹

To the tune of “*Head and Shoulders, Knees and Toes*”

Point to body parts while singing.

Bill and throat...
Belly, rump.
Belly, rump.

Bill and throat...
Belly, rump.
Belly, rump.

Nape and wing
and tail and breast.

Bill and throat...
Belly, rump.
Belly, rump.

Or... assign small groups of students to come up with (and perform) their own lyrics.
